Contents

Intro	1
Properties	1
Cross-References	1
Deprecated MetaNetX Identifiers	2

Intro

A summary of the raw tables downloaded from MetaNetX.

Properties

Table 1: The number of compartments and sources for them in MetaNetX.

Number of Compartments	Number of Namespaces
44	2

Table 2: The source namespaces from which compartments are included in MetaNetX.

Namespace	Frequency
go	39
metanetx.compartment	5

Cross-References

Table 3: Compartments with cross-references to other databases.

Number of Compartments	Number of Namespaces
44	6

Table 4: The namespaces to which cross-references from MetaNetX are established.

Namespace	Frequency
bigg.compartment	63
cco	8
cl	2
go	78
metanetx.compartment	5
seed.compartment	52

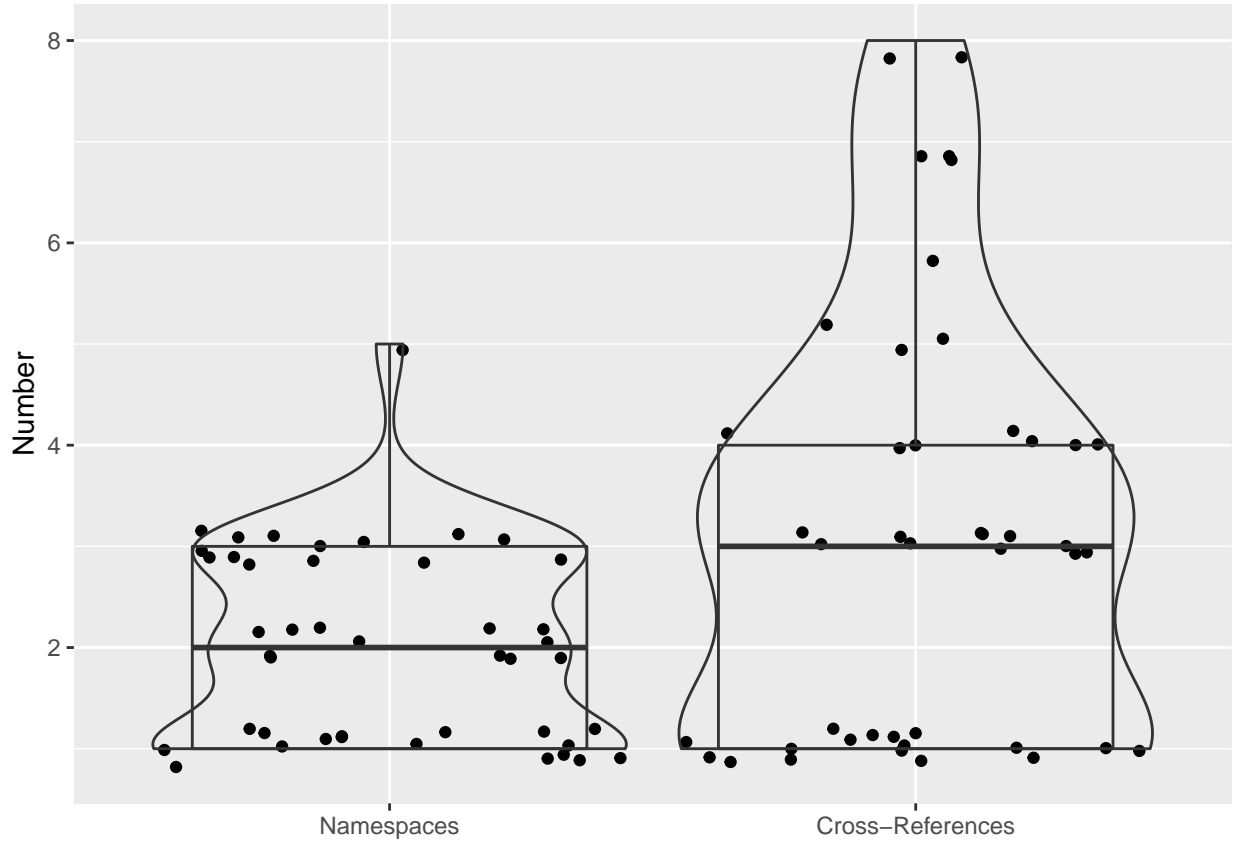

Figure 1: Number of namespaces and cross-references per compartment in MetaNetX.

Deprecated MetaNetX Identifiers

Table 5: The total number of compartments and how many deprecated identifiers there are.

Number of Compartments	Number of Deprecated Identifiers
0	0
